BURNS UP TO 30 HOURS

BURNS UP TO 30 HOURS

⚠ Improper use can result in fire and burns.
STOP. READ ENTIRE LABEL BEFORE USE.
FOR OUTDOOR USE ONLY.

Where To Burn:	To avoid concentration of soot, smoke or scent, use outdoors, not in enclosed areas. Burn on a stable, level, heat-resistant surface. **Before lighting:** To reduce sooting, you must keep wick trimmed to ¼ inch or less at all times. Remove any foreign material or liquid from container. Do not use if glass is chipped or cracked.

While Burning:	⚠ WARNING
	• Burn within sight.
	• Keep away from things that catch fire.
	• Keep away from children.
	• Avoid flare-ups:
	  • Never put anything that can burn in the candle.
	  • Keep candle away from external heat sources.
	  • Do not use water to extinguish candle — liquids can expand the flames or splatter wax.
	  • Do not burn for more than four hours at a time, and discontinue use when ¼ inch of wax remains. **Before moving,** extinguish and let wax harden.
